Throughout centuries the small and unobtrusive Cocos Island became for many the place where they hid their treasures or decided to live. The island is the legendary and mysterious setting for many stories and legends. Numerous attempts and treasure hunts often ended in disappointing results. Captain Willy the Spaniard and Edward Davis were among those who supposedly buried their treasures. But what is the truth behind these stories and legends?

The treasure is believed to be somewhere on Cocos Island, a Portuguese captain named Júlio de Mesquita supposedly buried his treasures on the island.

The coasts of Cocos Island are the place where the treasure is supposedly located.
